THE VISION AND MISSIONS OF THE INSTITUTION

Vision

"The globalization has created many challenges of competition training, and placement of computer science and management students. We wish to inculcate the spirit of entrepreneurship, invention and innovation, adventure and nationality in our students.

Mission

"The Mission of the department is to train the student in latest technologies, achieve based standards in theoretical and practical and aspects: apart from involving them in live project in collaboration with industries to develop indigenous and appropriate technologies at low cost to help the rural people".

To fulfill our Vision and Mission, We do following needful measures.

- To satisfy our mission we help the rural people and students, we used to provide education with less fees and if they unable to pay fee without we give them more concession.
- To satisfy our vision, we manage to give them practical base teaching, took competition and seminars for students and from that student got knowledge and trying to invent new ideas.
